

Young Fools, de Small Million

Intro: [C] [F] [C] [F]

[C] That night when all the [F] lights when out in our [C] place
We strung a [F] cord from our friends next door
to [Am] play the stereo
So we could [F] dance in the dark
[Am] Blackout [C] black [F] out

Young [C] fools [F]

[C] Why aren't we bored any [F] more?
[C] Why aren't we bored any [F] more?

[C] Punch drunk, too [F] awake to sleep, 4 [C] am
Out on the [F] porch the bottle kept us warm, we [Am] passed a cigarette
So we could [F] dance in the light
[Am] All night, [C] all [F] night

Young [C] fools [F]

We [C] couldn't stop laughing, my [F] head in your lap
You [C] braided my hair too [F] tight, and I snapped
[C] I swore I'd keep in [F] touch, how we [C] swore we'd keep in [F] touch
