## Lizardman by Hoodoo - Lyrics

Never ever give a damn  
Living my life like a Lizardman  
Going to the top like a ceiling fan  
Paid in full, Killa Cam  
Never grilling bland  
Throwing that chicken all up on the spit  
And then spinning that shit to perfection  
I never been learning my lesson  
Always do question the answer  
Defying the master  
I'm calling on Dancer and Prancer and Vixen  
Lets rip it  
Eh yo  
Let me stop you right there  
Walk in fresh, fly dressed in Nike Airs  
Might give a pastor nightmares  
Pass the mic here  
Can full of gas, I might flare  
Dan.d da Beast on the beat  
Not the type to fight fair  
Four to five plates, no light fare  
Baggy jeans I never wear a tight pair  
'Why?'  
Balls so big they might tear  
Yo  
All my true friends still kick it with me  
I'm a nuisance out the wicked city  
I got 2 cents tryna make it 50  
And It's my birthday so we getting silly  
From the true north so we keep it chilly  
I feel like fresh prince when we getting jiggy  
Now all the true emcee's know  
That we got the illest live show

Killing shit with no casualties  
Charged up like a battery  
Ice cold with no chattered teeth  
Always looking like fashion week  
Mixing vodka with Fanta peach  
My life is your fantasy  
All a sudden you's a fan of me?  
I don't know if they can handle this

H-Double-O-D-Double O-Ye  
Look into my crystal ball, what do you see?  
A funky locomotive rolling strait off the track  
Every time we throw it down like that

H-Double O-D-O-Widanutha O  
Ganna throw 25 'bows thru ya stereo, Bose  
Can't stop this  
I been a hot topic ever since the dino's stopped walking  
Moshing on the set we wreck arenas like Katrina then leave  
Get my influence from Tecca N9nna, Nickatina, Def3  
Dynamic with the rhyme tactics  
Hoodoo we the whole package  
Come equipped with a prime track list  
Get the fuck out with the wackiness, yo  
Lots of loose leaf, roster too clean  
Stocking juicy, posture movie  
Hocking loogies, hot Jacuzzi  
Squashing routines, Todd Bertuzzi

Killing shit with no casualties  
Charged up like a battery  
Ice cold with no chattered teeth  
Always looking like fashion week  
Mixing vodka with Fanta peach  
My life is your fantasy  
All a sudden you's a fan of me?  
I don't know if they can handle this

H-Double-O-D-Double O-Ye  
Look into my crystal ball, what do you see?  
A funky locomotive rolling strait off the track  
Every time we throw it down like that

Underestimated  
Show the rest I made it  
Over medicated  
Under educated  
Elevated like an elevator or an escalator  
I'm the innovator  
Better go and grab a pen and paper  
Imitators turn to vapour quickly  
Never holding back, rap attack over sick beats  
After double, hustle like Nipsey  
Playing sports and nobody ever want to pick me  
Now I be the captain of this team  
All we did for years: cheers beers get tipsy  
Brain hella foggy, eyes misty  
Now I'm finna travel the globe like a gypsy  
Taking over territories, risky  
I never thought no one would ever miss me  
Finna get thrown like a frisbee  
And make the whole place jump with me  
Let's get busy

Killing shit with no casualties  
Charged up like a battery  
Ice cold with no chattered teeth  
Always looking like fashion week  
Mixing vodka with Fanta peach  
My life is your fantasy  
All a sudden you's a fan of me?  
I don't know if they can handle this

H-Double-O-D-Double O-Ye  
Look into my crystal ball, what do you see?  
A funky locomotive rolling strait off that track  
Every time we throw it down like that
